About Me

Enthusiastic developer who loves turning ideas into interactive web experiences. Skilled at solving problems, collaborating with teams, and learning new technologies on the fly. Always curious, detail-oriented, and passionate about creating solutions that make a difference—while having fun along the way!

Education

Bachelor of Information Technology
Nandha Engineering college   2023 - 2027

Graduating in 2027 with a current CGPA of 7.9, focusing on software development, full-stack web technologies, database management, and modern IT solutions. Gained hands-on experience through projects and practical assignments, strengthening problem-solving, coding, and application design skills.

Bachelor of Business Management
Borcelle University   2020 - 2023
